

# SATSTATION EXTREME DOCK STANDARD

## For Iridium 9575

SatStation Extreme Dock for Iridium 9575 Staying connected everywhere and in every situation has never been more crucial. SatStation Extreme Dock provides Iridium 9575 Extreme satellite phone users access to the Iridium network indoors, below decks, in their vehicle or on board their aircraft. The dock both charges the 9575 and connects to an external antenna using the connector on the bottom of the phone, eliminating the need for additional cables and adapters. On the side you will find a USB port which allows access to Iridium data or Xgate service using the Iridium Axxess Point or the Optimizer.
